## WIX INTEGRATION

Wix is a service providing platform. It allows the users to create websites for restaurants, online stores, forms, events, etc.

Airpay provides the payment service to these Wix users for the transaction. This document explains the integration of airpay payment service with Wix.

To configure the URLs, airpay created an extension on Wix as shown below.

- Click **Extension**.
- Click **Edit** to view the information.

The screenshot shows the 'Payment Service Provider configuration' page in the Wix Developers dashboard. The page is titled 'Payment Service Provider configuration' and has 'Save' and 'Submit' buttons in the top right corner. The left sidebar shows the 'airpay' app is in 'DRAFT' status. The main content area is divided into sections: 'Onboarding information' (with a 'Show' toggle), 'Payment information' (with a 'Hide' toggle), 'REFUNDS CONFIGURATION' (with a checkbox 'Does synchronous refunds supported' which is checked), and 'PAYMENT METHODS' (with a 'Hide' toggle). Under 'REFUNDS CONFIGURATION', there is a 'REFUND SPI URLS' section with two input fields: 'Live' and 'Sandbox', both containing the URL 'https://leads.airpay.ninja/wix/refund\_session.php'.
